## **Parking Regulations**

Park Ridge High School is concerned about safety. The administration will take disciplinary action with those students who illegally park or violate any traffic regulations while on school grounds.

Students who wish to bring their vehicles to school must register their vehicles in the assistant principal's office. **Please note: Any student who had an in or out of school suspension during their junior year, had a failure in a semester or full year course, or has an outstanding obligation, will not be eligible for the lottery.**

The following parking regulations are distributed to those students who request parking spaces. These regulations are to be signed by both the student and parent before a space is assigned. A decal and an assigned space will be given to the student when all the requirements have been met.

1. The decal must be displayed in the driver's side rear window.
2. All students must drive with due caution and courtesy, being mindful of the safety of other students, faculty and visitors.
3. Students are not allowed to give their parking space to any one else.
4. Students must park only in their assigned space. If the space is taken, students may **NOT** take another space, but rather report the situation to the assistant principal's office.
5. Students are not to park in the rear or on the side of the main building during the school day.
6. Students should **NEVER** park in a spot labeled with a "C".
7. Students may only enter the parking lot via Wampum Road. Entering the parking lot by any other means will result in the loss of your parking privilege.

Violation of these rules could result in the ticketing and/or towing away of the improperly parked vehicle as per borough ordinance 96-2 and loss of parking privileges for the remainder of the school year.
